

Announcing:

The UTHealth Adult Cardiovascular Genomics Certificate Program

- Case-based online & on-demand modules address genetic issues that are relevant to daily clinical practice, such as how to recognize signs of a genetic disease, how to interpret a genetic test report, or how to counsel a patient
- Intended for primary care providers, PAs, MAs, nurses and NPs
- Up to 8 hours of CME or CE credit
-  Gift cards for the first 200 participants!
- Sign up today for free on Canvas Catalog: <https://go.uth.edu/CVGenomicsCert>
