

Endocrine Emergencies

Introductions/Questions

Disclosures

Session Objectives

Decompensated Hypothyroidism – aka myxedema coma

Definition

Pathophysiology

Etiology

Symptoms

Labs and Diagnosis

Patient case

ER management

Hospital management

Emerging research

Key Takeaways of Decompensated Hypothyroidism

Thyroid Storm

Patient case

Definition

Pathophysiology

Etiology

Presentation/symptoms/labs

ER management

Hospital management

Key Takeaways of thyroid storm

Adrenal Crisis

Definition

Pathophysiology

Etiology

Presentation/symptoms

Patient case

ER management

Hospital management

Emerging research on adrenal crisis

Key takeaways for adrenal crisis

DKA/HHS

Definition

Pathophysiology

Etiology

Patient case

ER management

Hospital management

DKA subcutaneous insulin protocol

DKA emerging research

Key takeaways from DKA/HHS

Conclusion
