

The Cost of Cosmetic Medical Tourism:

Managing the Exploding Trend to
Undergo Plastic Surgery Abroad

Erin Carroll, M.S., PA-C
Sharp Rees-Stealy Plastic & Reconstructive Surgery
Association of Plastic Surgery PAs (APSPA)

Learning Objectives

At the end of this session, participants should be able to:

1. Define medical tourism and the factors that influence travel abroad
2. Discuss cosmetic surgery procedures and recognize their complications
3. Describe management of cosmetic surgery complications
4. Identify the legal, ethical and financial implications of cosmetic surgery abroad
